

INVITATION TO ALL TRADERS.

Somerset Steam & Country Show 21st 22nd & 23rd July 2023

Please help us to make the Trade Section of the 2023 Somerset Steam & Country Show the best and most profitable yet!

We believe a good variety of quality trade stalls is essential for the success of the section, and that a successful section is important to the event.

We hope to see all our regular traders again this year but can also offer prominent trading positions and very competitive rates to traders attending for the first time – Auto jumble particularly welcome!

Trade Steward contact@somersettractionengineclub.com
